We are the technology arm of the Canada Post Group of companies which includes Canada Post, Purolator, and SCI. Do you want to know more about what we do at Innovapost? Check out this 2-minute video: [https://youtu.be/s1M\\_75RBoK4](https://youtu.be/s1M_75RBoK4)

我们是加拿大邮政集团公司的技术部门，其中包括加拿大邮政，Purolator和SCI。您想了解更多关于我们在Innovapost的工作吗？观看这个 2 分钟的视频：[https://youtu.be/s1M\\_75RBoK4](https://youtu.be/s1M_75RBoK4)

*Did you know? 你知道吗?*

As the exclusive provider of world-class, client-specific Information Technology, Information System, and business solution services, Innovapost is attracting talent in the technology field to provide greater business value from IT investments, reduce IT costs, and enhance service delivery to Canadians.

作为世界级、客户特定的信息技术、信息系统和业务解决方案服务的独家提供商，Innovapost 正在吸引技术领域的人才，以从 IT 投资中提供更大的商业价值，降低 IT 成本，并增强对加拿大人的服务交付。

We hire for various functions. As a student consider a co-op opportunity to gain knowledge and expertise to allow you to consider a future employment at Innovapost. Please review our various job categories at <https://jobs.innovapost.com/>

我们招聘各种职能。作为学生，请考虑合作机会来获得知识和专业知识，以便您考虑将来在Innovapost工作。请在 <https://jobs.innovapost.com/> 查看我们的各种工作类别

### Job Responsibilities: 工作职责:

- Continue an ongoing project developing an automated solution that handles failed data batch jobs using python  
继续一个正在进行的项目，开发一个自动化的解决方案，使用 python 处理失败的数据批处理作业
- Create new hands-free solutions for existing processes using python, java, jmeter and bash scripting in Windows and Linux environments  
在 Windows 和 Linux 环境中使用 python、java、jmeter 和 bash 脚本为现有流程创建新的免提解决方案
- Create technical documents for automated solutions  
为自动化解决方案创建技术文档

### What will you learn? 你会学到什么?

You will be working in a fast-paced work environment and interacting with multiple Operations teams to address their automation needs. As our IT landscape continues to evolve, you will polish your developing skills using object-oriented languages and create hands-free solutions. Your daily
