IMPORTANT: Notes related to Pavers

The number of regular units per square foot (m²) indicated takes into consideration a sand joint which will vary depending on the paver model.

To obtain an even distribution of colour, it is recommended that you install paving stones from more than one cube at a time.

Some pavers are sold by complete cube, by layer or by piece.

Please check with PERMACON customer service when ordering.

Transportation charge for paving stones Local delivery :

6 cm pavers : \$ 0.21/square foot
7 cm pavers : \$ 0.25/square foot

8 cm pavers : \$ 0.28/square foot
10 cm pavers : \$ 0.35/square foot

TERMS AND CONDITIONS

PAYMENT Net the 15th of the month following the date of delivery; interest at the rate of 18% per annum may be charged on accounts which are overdue.

CARTAGE The indicated prices are based on full loaded trucks within a 60 km area from our plant. Our minimum delivery is \$150. An additional unloading or waiting time shall be invoiced at the rate of \$30.00 for each half-hour period extending from 7 a.m. to 7 p.m. and \$35.00 for each half-hour period between 7 p.m. and 7 a.m., weekdays only. These prices are subject to change without notice.

SALES TAX All taxes will be added at the time of sale when applicable. N.B.: All modifications to the applications of federal and provincial taxes can prompt changes without notice.

PALLETS A charge of \$20 for each pallet will be invoiced. Customers will be credited for each pallet returned in good condition and properly identified as Permacon. The customer is solely responsible for the protection of the pallets on job site and their return. Permacon offers a pallet pick up service within a 60 km area from our plant. An amount of \$4.00 per pallet will be charged if we are formally requested to pick up pallets, up to a maximum of \$150 per pick up on the same site. Please note that there will be no charge for the pick up if the pallets are picked up during a Permacon delivery at the same site. Pallets must be accessible and placed near the road to be picked up.

NOTE : If you expect to return Transpavé and Permacon pallets at the Transpavé plant or at a Transpavé distribution center, we ask you to stack the pallets per size and per brand. This procedure is intended to ensure the stability of your loading and to ease the return in our yard.

RETURN OF MATERIAL Only complete cubes of undamaged, resalable material will be credited. A handling charge of 20% will be applied; a transportation charge will be invoiced if applicable.

ADDITIONAL CONDITIONS The quantity and quality of all our products delivered on job site shall be accepted by the customer or their representatives at time of delivery. This acceptance will be considered as final. The interpretation of plans and specifications is the responsibility of the customer. We will decline any responsibility due to accidents, strikes, lockout, shortage of material, breakdown of machinery and all other causes beyond our control. Prices are subject to change without notice.

RECOMMENDATIONS It is always important to order by unit because cube quantities can vary. We suggest that orders be confirmed in advance. Also, in order to ensure good service, please give us a 48 hour notice for delivery.
